Application and Jury Procedures

Member applicants submit images of their work for a **2-part jury**. Each artist applying for membership must be at least (18) eighteen years of age.

Works from traditional to contemporary are considered. Three (3) area arts professionals outside the membership of this organization will evaluate your work as a whole. Your works will be judged solely on quality-not marketability. The following is Cape Fear Studios definition of quality arts: *All work, whether one of a kind pieces or limited editions, should be well conceived and skillfully executed without technical faults. Works should be made by hand or with the use of appropriate tools, showing imagination and the mark of the artist's individuality. Work should make use of the best materials available and should demonstrate an understanding of the elements and principles of design. Objects made from commercial kits or commercially available plans are not acceptable nor are commercially made objects which have been embellished.*

Jurors are instructed to view your work as a total body of work and to comment on the following:

1. Competence – mastery of medium and draftsmanship, technical excellence
* (applicants displaying more than one medium in their 5 examples must show experienced competency in each medium)
2. Visual impact – excitement, originality
3. Body of work – there should be a distinct body with a consistent level of exploration using the chosen medium within the samples provided
4. Presentation – professional presentation of work (framing, matting, etc.)

Application Process- a completed application must include the following:

- A completed application form (available online from www.capefearstudios.com/about.html)
- A (\$15) fifteen-dollar non-refundable jury fee due with application
- An artist statement and show resume
- An image list that corresponds with digital images on CD including dimensions and media of each piece
- A disc with 5 digital images which are representative of your work. The images should be in jpeg format with a resolution of 300 dpi. All file names should begin with the applicant's first initial and last name followed by entry number (e.g. Jane Smith would be jsmith1.jpg).
- The images may also be sent via email to artgallery@capefearstudios.com

If approved at the image level, applicants are invited to submit work for the object jury, which takes place quarterly in January, April, July, and October unless otherwise notified. Applicants are asked to bring in five (5) pieces of your work for each category in which you wish to exhibit (2-D painting applicants should present a minimum of 3 examples of each of their chosen media). The 5 works submitted for jury must be original (no copies from other artists or published materials), not done under supervision of an instructor, and created solely by the applicant within the past two (2) years. Commercially manufactured objects or items assembled from kits are not accepted. All works to be juried must be presented in a professional manner, with at least one two-dimensional work properly framed and wired (no saw tooth hangers). The other 4 piece can be unframed but must look presentable for jurying.

Notification of the object jurying results will be mailed to you within (7) seven business days of the jury date. Annual dues are (\$100) one hundred dollars and are due July 1st annually. Dues are prorated for members joining after December 31st. **Dues will be billed with notification letter.** Once accepted, you must attend an orientation and complete your first monthly retail duty before you can exhibit, demonstrate, or sell as a member of Cape Fear Studios.
